Canton, Ohio 44718

RE: Seven (7) proposed vacant parcels and two (2) parcels with existing residences. All parcels are over 5.0 acres and located on Hoover Avenue NW in Lake Township. Current parcel numbers for these lots are 10017134, 10017135, and 2016018.

Dear Kiko Company,

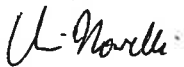

This office has preliminarily reviewed seven (7) vacant parcels for septic approval and two (2) parcels with existing residences that each have their own septic systems. The proposed vacant parcels were reviewed for a home sized at four (4) bedrooms. All seven (7) vacant parcels appear to be approvable for at least a four (4) bedroom home. Based on the evaluation of soil maps, topography, and soil hand augers, adequate area and length on contour are available for at least one type of sewage treatment system.

To obtain a septic permit, buyers must complete soil testing and submit a detailed design plan along with house plans to this office for approval. The complete permitting procedure can be found on our website at:

https://starkhealth.org/government/offices/public_health/environmental_health/sewage.php

If you have any questions, please contact me at 330-451-1485.

Sincerely,

Chris Novelli, REHS
